PROFESSIONAL SUMMARY

Entry-level Full-Stack Developer with a foundation in building responsive web applications using React, Next.js, TypeScript, and Tailwind CSS. Familiar with developing server-side features and REST APIs using Node.js and Express, and working with MongoDB. Eager to learn, solve practical problems, and contribute to a collaborative development team.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js, Tailwind CSS, shadcn/ui

Backend: Node.js, Express.js, REST API development, authentication fundamentals

Database: MongoDB, basic database design and CRUD operations

Tools: Git, GitHub, VS Code, npm, Postman, Vercel

PROJECTS

Bazar Dor — Market Price Information Web App

Next.js, React, TypeScript, Tailwind CSS, REST API

- Building a responsive application that displays product prices by category and product details.
- Integrated API data fetching and reusable UI components for product cards, category navigation, and detail views.
- Focused on clear price comparisons and a mobile-friendly user experience.

FitLog — Fitness Exercise Library

React, TypeScript, API integration, Tailwind CSS

- Developed an exercise-library interface to present workout information such as muscle groups, equipment, difficulty, and duration.
- Practised typed API data handling and reusable components for displaying exercise details.

Personal Developer Portfolio

Next.js, React, TypeScript, Tailwind CSS, shadcn/ui

- Creating a personal portfolio to showcase technical skills, selected projects, and contact information.
- Implementing responsive sections and reusable interface components.

EDUCATION

BBA — Tourism and Hospitality Management

Mohammadpur Central University, Dhaka, Bangladesh | 2nd Year (Currently Studying)
